Fitzpatrick Wins

In Election Contest for County Judge Over Henry R. Yonts.

The long drawn out contest over the County Judges' office between Henry R. Yonts, contestant, and Dr. Jno. D. Fitzpatrick, contestee, was so far as the Circuit Court is concerned settled Saturday evening. The case was tried out before Judge Lewis, arguments being made by Attorneys S. Ben Dismann for contestant and Cash Eversole for contestee. At the close of the pleadings the court dismissed Yonts' petition, which for the present gives the office to Judge Fitzpatrick.

At this time we are unable to state whether the case will be appealed to the higher courts or not. That will be decided on later.

"Can be depended upon" is an expression we all like to hear, and when it is used in connection with Chamberlain's Colic, Cholera and Diarrhoea Remedy it means that it never fails to cure diarrhoea, dysentery or bowel complaints. It is pleasant to take and equally valuable for children and adults. Sold by all dealers.

Chappell to be Honored

Henry C. Chappell, formerly editor of Thousandsticks, at Hyden, but now business manager of the Somerset Republican will be Caleb Powers' private secretary in case he is elected. Mr. Chappell has certainly merited the congratulations of the Republicans of the Eleventh district because of his hard-working qualities.

Stray Hog

There is at my place a stray male hog, weight about 90 lbs., crapped underbit two spits right ear. Owner can get same by calling at my home on Kings Creek and paying for its keep and 50c for this advertising.

David Day, Grape, Ky.

Great Activity

There is a great deal of activity in railroad circles here and around about. "Em" Collier took the first ride on the train and Dan Fields fell thru a trestle. Neither of the gentlemen were seriously damaged.

Residence Burned

Saturday afternoon the residence and most of the contents belonging to Dave Hall on Shop Branch, near Mayking, was destroyed by fire. The folks except Mr. Hall were about the place and had no suspicion of danger by fire until the noise of the flames were heard. The fire was probably caused by a blazing coal from the fireplace rolling out on the wooden floor. Loss about \$500.

Internally

Dr. Bell's Anti-Pain cures colic, flux, diarrhoea, cramps and all bowel complaints. Externally—cures sore breasts, corns, bunions, toothache, neuralgia and all pains. Sold everywhere. It is antiseptic.

Don't Break Down

Severe strains on the vital organs, like strains on machinery, cause break-downs. You can't over-tax stomach, liver, kidneys, bowels or nerves without serious danger to yourself. If you are weak or run down, or under strain of any kind, take Electric Bitters the matchless tonic medicine. Mrs. J.E. Van de Sande, of Kirkland, Ill., writes: That I did not break down, while enduring a most severe strain, for three months, is due wholly to Electric Bitters. Use them and enjoy health and strength. Satisfaction positively guaranteed. 50c. at all druggists.

Grouse

Foddering is on. Mr. and Mrs. Adams are ill. Green Back and Ella Hampton were happily married. Miss Cinda Arnold, of Ohio, is visiting at Dave Back's on Elk Creek. Little D.K. Brown will attend school at Danville. Miss Katherine Campbell returned from Carr. Ike Dixon and wife have a fine new girl. S. H. and J. D. Brown bought Moses Hampton's farm. Miss Hettie Banks is ill with malaria. Mrs. John Combs has gone to Hazard.

N. K. Hale visited at W. M. Brown's. Henry Adams has returned from the west. J.P. Brown visited at Theodore Peeble.

NOTICE

To The Tax-payers of Letcher County: Of course you know your taxes for 1910 are now and have been due for some time. Suppose you have the money on hand to pay them and fail to pay before September 1st, won't you have to list that money to the assessor and even pay taxes on it next year? That would certainly be a bad business proposition. Better pay them right now while you are thinking about it. Manage to pay them and get that awful long frown from off your face.

Very Truly,
Louis Cook, Sheriff.

Dewey Virginia

Mr. and Mrs. Isaac Back, of Cartersville, Ga., are visiting R. S. and Mrs. Bolling. O. A. Miller and wife visited W.R. Bolling. Mrs. Sarah Hash is improving from typhoid. W.R. Bolling was in Wise. G. W. Sergent was here from Norton. Arthur Countiss attended services at Pound. Miss Nannie Stanley returned from a visit to Mrs. Ida Welch. Mrs. J.H. Biggs was bitten by a rattlesnake but is doing nicely. Arthur Bowman and wife visited Henry Maggard's. Mrs. Gardner visited her sister, Mrs. Dotson. Mrs. Peak, of Tasso, visited Mrs. Hash, her sister. Scribber.

It Saved His Leg

"All though I'd lose my leg," writes J.A. Swensen, of Watertown, Wis. "Ten years of eczema, that 15 doctors could not cure, had at last laid me up. Then Bucklen's Arnica Salve cured it sound and well." Infallible for skin eruptions, eczema, salt rheum, boils, fever sores, burns, scalds, cuts and piles. 25c. at all druggists.

Sometime in the golden summer when the robins pipe and call till the air is filled with rumors of the coming of the fall: Then it's time that we remind you, In words that fairly burn, That its time to sow your wheat crop When the leaves begin to turn.

O-O

Last Friday evening a large bald eagle—a mountain eagle—was observed circling over and around and above our little "nest." We watched him for sometime and beheld the wide, easy sweep of his nimble wings as he circled ever onward and upward till he became a mere speck in the bright sunny sky. He was evidently a noble bird and from his high position we could but envy his delightful view. For miles and miles his piercing eye surveyed hill and vale. He heeded not the pedestrians of earth, but methinks in his boundless scope he could but feel and see and know the very impulses of freedom. Oh, the proud and glorious bird, emblem of our country, God's country, in all thy flight may no tyrannical serpent pierce thine ear, no groan from shackled limbs burden thine heart, but mayest thou see valleys of peace and hilltops of glory, brave birds, surely thou knowest of thy name sake and when in thy feathery flight thou comest this way again wilt thou not hover over us longer and breathe into us more and more the spirit of duty and more and more the power to help men be free?

O-O

The question is and long will be, did Don C. Edwards run, or did he take to a tree high up in the sun? O-O I dreamed that life was beauty, I awoke and found that life was duty. Duty never ends. With the rising of every morning, whether it be bathed in clouds, in mist or snow, finds a new duty undone. Think of a woman's work! Ah, us men, we purported lords of creation, need to think more of woman's work. No, not to think more, but to do more of the woman's work. Afraid of spilling her, the queen of the home, the mistress of the world and the burden-bearer of millions, by helping her? I in thousands of homes, millions of homes, throughout this great land hers is the first foot-fall heard in the early morning as it pit-a-pats on its way to the kitchen to begin its whole day of ceaseless struggles, while we gaze and stretch and groan and do dread to get out so bad. Man, proud man, we are almost tempted to say that we are the mud-sill of creation and not the capstone. Some lazy lurch of a poet wrote some years ago:

"Man wants but little here below And wants but little ease, But woman, bless her little heart, Wants everything she sees."

Poet or no poet, so far as the man is concerned, a bigger life never went into print. Who, man, in his sagaciousness, would waste everything? He wants everything done for him. He wants to stand back and boss the job and if it's not done right he wants to lay the blame on someone else. Far back in the garden it was the cowardly man, who said, "She gave me the fruit and I did eat it." That is to say, Mother Eve took that apple and forced it into Adam's mouth and down his unwilling throat. From that time down through the ages man has been rich in excuses and ever ready to dodge his responsibilities.

In short and in truth, we ought to do our duty, and thus save the health and lives of our precious women. No greater duty ever fell to the lot of mankind and this duty if performed will tell and tell in the ages to come.

O-O

The roads to greatness are still open. The avenues to human preferment are laid out. The closed—no obstruction is there today that has not always existed.

This and That

Short Bits as They Sputter from the Editorial Pen

But all of those who seem to reach the summit may not be considered great. All greatness that lacks the element of greatness must be false. Wisdom properly obtained, zeal, courage, perseverance, knowledge, are some of the traits of character that push men to the front. But above all excuses and ready to make advancement. We must begin young. Time must not be wasted, it is too precious to those who expect to succeed. Idleness is a dangerous enemy and must not be tolerated. There are idlers in school and as a rule they are never heard of beyond the schoolroom. There are street corner loafers who spend their time whittling dry goods boxes, but they never make anything else except good whittlers. There will be great men yet, but they will be hard workers. The man is to be pitied who has time to spare or who complains that time hangs heavy on his hands, or who has to invent ways in which to spend his spare time.

Let all who read this begin now to do something. Stick to that something if it is as small as a tick to a dog's ear. If you will stick till you become satisfied with your work nothing except death can deter you from reaching success and making your mark in the world.

A Good Position

Can be had by ambitious young men and ladies in the field of "Wireless" or Railway telegraphy. Since the 8-hour law became effective, and since the Wireless companies are establishing stations throughout the country there is a great shortage of telegraphers. Positions pay beginners from \$70 to \$90 per month, with good chance of advancement. The National Telegraph Institute operates six official institutes in America, under supervision of R.R. and Wireless officials and places all graduates into positions. It will pay you to write them for full details at Cincinnati, O., or Philadelphia, Pa.

Crises in life are not to be avoided. They are to be met. They are to be met with a brave heart and a steady hand. They are to be met with a firm belief in the power of God. They are to be met with a strong faith in the love of God. They are to be met with a pure heart and a clean conscience. They are to be met with a holy life and a true religion. Caleb Powers Defeats D. C. Edwards By Over 10,000

As was generally predicted last Thursday's Republican primary resulted in the nomination of Caleb Powers by over 10,000 majority. He carried 16 of the 19 counties mostly by large majorities. Up to Monday morning the majorities for the Republicans were as follows:

In Letcher County, Caleb Powers defeated D. C. Edwards 139 votes to a total of 692 votes. This is a little more than half the regular Republican strength in this county. The vote was due to the people being busy at foddering and other work. The primary passed off quietly generally over the district, though one man, John Holmes, is said to have been shot and killed in Perry county over the election.

In our locals we will likely be able to give Powers' majority exactly.

Don't waste your money buying plasters when you can get a bottle of Chamberlain's Liniment for twenty-five cents. A piece of flannel dampened with this liniment is superior to any plaster for lambs back, pains in the side and chest, and much cheaper. Sold by all dealers.

The Democratic Mass Meeting

Last Saturday evening twenty-five or more of the leading Democrats of the county assembled in the Courthouse in mass convention for the purpose of selecting delegates to attend the Eleventh Congressional district convention being held at Somerset on today. W. C. Dixon was elected temporary chairman and Dr. Boaz Adkins secretary. B.E. Caudill, T.G. Bates, W.R. Caudill, B.F. Holbrook, H.W. Holcomb, A.C. Craft, David Hays, J.A. Long, W.C. Caudill, W. B. Reedy, Dr. Adkins, J. N. Thompson, H. M. Collier, D. W. Salyer, John W. Bates, John A. Sturgill, E. M. Webb, and all other Democrats who desire to do so were chosen as delegates to attend the district convention. B. E. Caudill agreed to attend and head the delegation. Judge Jno. D. Fitzpatrick was selected as Letcher county's choice for the Democratic nomination for Congress from this district.

COURT HOUSE NEWS

Circuit Court adjourned Saturday night and early Sunday morning Judge Lewis left for Hazard. Not much business was done owing to first one thing and then another.

The grand jury adjourned on Saturday morning after returning about 65 indictments, mostly for small offenses. Only three or four felonies were reported.

The jury commissioners for the next year, appointed at this term of court, were D.W. Webb, James Collins (Big Jimmer) and M.C. Fields. They met Saturday and selected the juries for the next court.

S. Ben Diahman left for his home at Barbourville Sunday. There is some talk of his being the Democratic nominee for Congress in this district, but Ben will hardly accept.

Jesse Morgan and W. C. Eversole came up from Hazard to attend Circuit Court, returning home Sunday. They both think the railroad is assured.

Deputy Sheriff Eben Cook and Dock Collins left Tuesday for Frankfort, having in charge Willis Isaacs, George Grit and Bee Guillen, recently convicted to the "pen" for housebreaking. Mr. Cook and Mr. Collins will go to French Lick Springs, Ind. to stay about ten days.

Since court adjourned and the primary is over the quietest of times prevails in Whitesburg.

A CARD.

Barbourville, Ky. Sept. 16, 1910
To My Friends:

The great victory which has been won is due to you. No man ever had better, truer or more loyal friends, and I want to thank you from the depths of my heart for what you have done for me in this fight, as well as in times past. No poor words of mine can express to you the gratitude I feel. I expect to do the best I can for you and the people of the entire district when I get to Congress. My friends in and out of the state were keenly and deeply interested in the outcome of this battle. You have come up to the full measure of their expectations.

For those who fought me, I entertain no ill will. A primary election was the method selected for choosing a candidate to be voted for at the regular November election for Congress. It was natural enough that the Republicans of the district should take different views as to who should be their standard bearer. The primary is over. Yesterday we were divided, today we are together. As brother Republicans we will now all fight under the same banner and present a solid front to the common enemy, when in November final victory will be ours.

Let us keep our faces to the future, always having the good of the Republican party and the welfare of the people at heart, and let past differences be forgotten.

Thanking you again and again for the signal honor you have conferred upon me, the vindication of my faith, and the confidence bestowed upon me by the responsibility placed upon my shoulders, and pledging my my best efforts to be worthy of the confidence and true to the trust, I am, Sincerely yours,
CALDER POWERS.

Dr. Pierce's Favorite Prescription
Is the best of all medicines for the cure of disease, disorders and weaknesses peculiar to women. It is the only preparation of its kind devised by a regularly graduated physician—an experienced and skilled specialist in the diseases of women.
It is a safe medicine in any condition of the system. THE ONE REMEDY which contains no alcohol and no injurious heating drugs and which creates no craving for each stimulant.
THE ONE REMEDY so good that its makers are not afraid to print its every ingredient on each outside bottle wrapper and attest to the truthfulness of the same under oath.
It is sold by medicine dealers everywhere, and any dealer who hasn't it can get it. Don't take a substitute of unknown composition for this medicine or know the difference. No counterfeits are a good as the genuine and the druggist who says something else is "just as good as Dr. Pierce's" is either mistaken or is trying to deceive you for his own selfish benefit. Such a man is not to be trusted. He is telling you that your most precious possession—your health—may be your life itself. See that you get what you ask for.

Our old friend, T. Bent Sturdivant of Jackson, and Mr. O'Rear, bookkeeper for the Swan-Day Lumber Co., were here the first of the week.

Some of the friends of Mr. Edwards are laughing about the great joke they say Edwards played on Powers. They say that Edwards had been off the track for more than two months and Powers never found it out till after the primary.

Teacher Ned Ison will have an interesting article next week, entitled, "Books Are True Friends."

Remember the Missionary Baptist Association meets here next Friday, Saturday and Sunday. Delegates will come from the churches in all the surrounding counties, and from Louisville and Williamsburg. The reception committee of the church at this place requests us to state that everybody in the surrounding country are especially invited and promise that the entertainment of those who come will be as pleasant as possible under the expected crowded conditions.

Next week we'll have an ad for James W. Holcomb, a real estate dealer of Oklahoma City, Okla. Mr. Holcomb is a son of Uncle Dave Holcomb of this county.

Judge Blair came over from Colson Tuesday suffering with toothache. He says he had the pleasure of seeing an apple that weighed 21 ounces.

Nervous Prostration For Three Years

"Dr. Miles' Restorative Nervine cured me of a period of nervous prostration of over three years duration, and the Anti-Pain Pills are as necessary to us as the roof of our house. They have been household remedies with us for many years."

WM. J. LOUGHRAN,
1214 Catherine St.,
Philadelphia, Penna.
Much sickness is due to nervous troubles. Headache, dizziness, epilepsy and insanity are nervous troubles. Then there is a large class of disorders which arise from a weakness of the nerves of an organ or part, as weak lungs, heart, stomach, kidney, bladder, eyes, etc. Dyspepsia and indigestion are usually the result of nervous disorders.

Restorative Nervine soothes the irritated nerves, and assists the nerve cells to generate nerve force.

Dr. Miles' Nervine is sold by all druggists. If the first bottle does not bring relief, your druggist will return your money.

40 bags of Purify Flour arrived at Lewis Bros. today, price 95c per bag. Other brands for sale by them at 90c.

Mr. Bolton, one of the most popular traveling men who has his best in this territory, was here this week.

We will soon place our order for winter and spring stationery and other supplies. Any of our patrons who are thinking of purchasing something extra or above the ordinary run of paper goods will do well to consult us before next Monday when the order goes out.

See the Big Town Lots Sale on this page this week. There are those who believe that Poorfork is soon to become the leading business town of the mountains.

The Cane Patch Church of Regular Baptists will hold their communion season at Eolia on the first Saturday and Sunday in October and invite all of the same faith and order to attend and commune with them.

There are no new developments in the proposed new railroad up the Kentucky river. It still looks promising, however, and as matters progress along this line we will keep our readers informed.

C. H. Burton returned from Hazard this week.

Kindly remember that we are glad to accept subscriptions from those who have not subscribed and as matters progress along this line we will keep our readers informed.

Needs Help.

A great number of our readers know Dave Hall, a brother to Ice, Josh, Charley and Henry Hall and they know him to be a good citizen. Last Saturday he unfortunately lost his home and most of its contents by fire. He is a poor man and has a large family. He is not begging but he needs help so that he can get on his feet again. Small contributions from his friends would not hurt them and would help him wonderfully. Give or send contributions to Mr. Hall at Mayking, Ky., or give or mail or send to the Eagle and we will acknowledge same and forward to him.

Hot Water Cure for Insomnia.
To insure the benefit of the hot water, it must be taken off the fire the moment it boils—not just before or after—and poured at once into a cup or glass. It should be taken while very hot. A little practice will enable one to swallow it at little less than the boiling point, and in addition to the proper temperature, the proper time must be observed. It is most efficacious in curing indigestion and improving the general tone of the system. It taken immediately on waking in the morning, again an hour before lunch and an hour before dinner, also, and to drink two glassfuls on retiring will almost positively insure sound sleep. It may require two or three days' trial before the desired result is effected, but once gained it can be held without interruption by faithfully pursuing this method.

As Most of Us—
The tailor and milliners have begun to tell people what they are going to wear just as if they were not to continue to wear what they get.

It Ignited.
Little Rollie, four years old, came to the table, where we had tomato soup, of which he is very fond. Being very hungry, he could not wait for it to cool, but hastily ate two or three spoonfuls; then, laying down his spoon, he exclaimed: "My goodness! that soup is so hot it makes sparks all down me."—Delinquent.

To Kill an Evil Ode.
Dried orange peel allowed to smolder on a piece of red-hot iron or on an old shovel, will kill any bad odor in a room and leave a fragrant one behind.

The Biggest Buy Yet

In the past week James H. Frazier succeeded in purchasing the mineral on the big Quillar Bentley farm on upper Rockhouse. There is perhaps 2,000 acres in the boundary and it lies in an excellent coal territory. The consideration was \$25 per acre and the Bentley boys will get about \$50,000 out of the deal. Besides this Mr. Frazier has purchased the T. G. Bates lands on Bates branch of Beaver creek which lies not very far from the Bentley tract. Near the Bates tract there is a coal opening 9 feet thick, about the finest coal we have seen in this country. The consideration for the Bates land was \$27.50 per acre and there are about 600 or 700 acres. Last week through mistake we stated that the Swift people had bought the Sam Collins farm on Sandlick. Later we learned that Mr. Frazier was the man who bought this property.

We Guarantee Every Box of Dr. Bell's Antiseptic Salve to do what we claim. Try it for ulcers, boils, running sores, tetter, ringworm, eczema, salt rheum, fever sores, cuts, bruises, pimples, blackheads, chaps, felons, burns or any skin disease. 25c a box.

The Stark Year Book for 1910

is ready to mail. It will be sent to any person interested in fruit-growing on receipt of 7 cents to cover postage. The Stark Year Book for 1910 represents an entirely new idea in nurserymen's literature—it is a work of art as well as a catalogue of Stark Nursery products. Within its covers are 32 full-page illustrations of fruits and flowers, representing 175 varieties, done in four colors, and exactly reproducing nature. 84 pages are devoted to descriptions, prices, and recs.
Stark Delight, the apple that has revolutionized orchard planting and established a new standard of apple values (selling at \$10.00 per barrel less this year); Stark King David, another apple of wonderful quality and merit; Stark King Philip, a hardy bluish-gray of California grade quality, and dozens of the very best things in the horticultural world are fully described, illustrated, and priced.
To any one planting one tree or more, of fruit or ornamental, this book is an irreplaceable value—a horticultural text-book—a guide to proper selection.
Stark trees have stood the supreme test of actual planting for 35 years—they are the yard-stick by which all other nursery products are measured—they are the first choice of this country's most successful orchardists. The success of the orchard is dependent on the kind and quality of trees planted. Stark varieties are the best of the best. Our record of 35 years of successful selling is a positive guarantee of true quality.
Before you decide to buy, send 1 cent for the Stark Year Book—do it today before the edition is exhausted.
